

# **Build a National Park**

## **Student Worksheet**

**Student Names:**

**1)**

**2)**

**3)**

**4)**

**5)**

**What is the name of your National Park and where is it located?**

**What is special about your park?**

- **What Natural resources does it have?**
- **What cultural resources does it have?**
- **What are activities that people can do there?**

**How will you protect all these amazing things?**

**What are some rules that you will have in your park?**

**What kind of services (campgrounds, food, etc) will you offer to visitors?**

**Or if you do not want to offer services (no campground, no food, etc) why not?**

**How will you pay for the things in your park (Park Rangers, Visitor Centers, Roads, etc)**

**List any other important details about your park that have not been covered yet:**

**First sketch your National Park and outline ideas with your group. Then when you have shared your ideas with the teacher or ranger, begin construction.**

**Good luck!**
